EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR

1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

2. Authorization for this examiner's amendment was given in a telephone interview with Joseph Palmieri on 04/28/05.

3. The application has been amended as follows: As per applicant's representative (Joseph Palmieri)

-Delete claims 6-7.

-In claim 1 insert -- "computer implemented" -- after "A" and before "context-based".

-In claim 13, insert -- "computer implemented" -- after "A" and before "system".

-In claim 24, insert -- "computer implemented" -- after "A" and before "method".

4. The following is an examiner's statement of reasons for allowance: the prior art of record fails to teach and/or suggest "receiving from a requester an information request identifying information associated with the requester . . . comparing the requester identifying information to the information associated with subscribers . . . determining a context for the information . . .", combined with "providing the requester with a response to the information request . . . on a condition associated with the determined context for the request."

5. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

6. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Alford W. Kindred whose telephone number is 571-272-4037. The examiner can normally be reached on Mon-Fri 9:00 am- 5:00 pm.

7. If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Safet Metjahic can be reached on (571) 272-4023. The fax phone number for the organization where this application or proceeding is assigned is 703-872-9306.

8. Information regarding the status of an application may be obtained from the Patent Application Information Retrieval (PAIR) system. Status information for published applications may be obtained from either Private PAIR or Public PAIR. Status information for unpublished applications is available through Private PAIR only.
